

State of New Jersey

OFFICE OF THE GOVERNOR
125 WEST STATE STREET
PO Box 001
TRENTON NJ 08625-0001

JAMES E. MCGREEVEY
Governor

Dear Brownfields Constituent,

As a cornerstone to New Jersey's Smart Growth Initiative, brownfields redevelopment serves to promote Smart Growth by cleaning up and preserving existing areas for future use. We are working to make the state's urban centers, older suburbs and rural towns more viable and attractive by redeveloping brownfields and steering infrastructure spending where we need it most.

Brownfields redevelopment gives business and industry a new place to thrive and members of a community a new place to gather, visit, shop or work. Undoubtedly, brownfields redevelopment spurs economic opportunity and a sense of community throughout our towns.

Today, brownfields projects are touching every part of New Jersey. From the northern highlands to cities and towns in South Jersey, you can see brownfields redevelopment happening before your eyes. And it is happening as a result of true cooperation among numerous state agencies.

Through the Brownfields Redevelopment Interagency Team (BRIT), the New Jersey Brownfields Redevelopment Task Force and the Department of Community Affairs' (DCA) Office of Smart Growth, more than 24 state agencies now act as a proactive partner with municipalities, counties and the development community on brownfields projects. We are working together to deliver essential state resources through programs like the Department of Environmental Protection (DEP) and the New Jersey Economic Development Authority's (NJEDA) jointly administered Hazardous Site Discharge Remediation Fund (HSDRF) and tax credits through the Housing and Mortgage Finance Agency (HMFA). We also are linking Smart Growth and brownfields redevelopment together through DCA's Smart Future Planning Grants. By working together, we have streamlined regulations to make brownfields redevelopment a reality.

I hope you find this resource kit a valuable compilation of information on how you can participate in brownfields redevelopment. By being involved, you show your support for New Jersey's Smart Growth and demonstrate your commitment to New Jersey's future.

With all good wishes,

A handwritten signature in black ink that reads "James E. McGreevey".

James E. McGreevey
Governor

State of New Jersey
DEPARTMENT OF COMMUNITY AFFAIRS
101 SOUTH BROAD STREET
PO Box 800
TRENTON NJ 08625-0800

JAMES E. MCGREEVEY
GOVERNOR

SUSAN BASS LEVIN
COMMISSIONER

Dear Brownfields Constituent,

Brownfields redevelopment is an essential component of Governor McGreevey's vision for a better New Jersey.

The Department of Community Affairs helps brownfields projects through a variety of funding programs and technical resources, implemented by the Office of Smart Growth. We are committed to working closely with agencies at state and federal levels, with municipalities and counties, with nonprofit agencies, and with developers and builders to make brownfields redevelopment work in New Jersey.

Once unusable areas, brownfields sites can serve as valuable additions to New Jersey's communities and provide improved venues for new business, industry, open space or community centers. Brownfields redevelopment is in fact already alive and successful throughout the state.

Thank you for your interest in brownfields redevelopment. It is people like you that help ensure a better future for New Jersey. We look forward to being your partner on future brownfields projects.

Sincerely,

A handwritten signature in cursive script that reads "Susan Bass Levin".

Susan Bass Levin
Commissioner

The Victor building in Camden undergoing extensive renovations (left). Now the building has over 300 upscale, loft apartments overlooking the Delaware River and the Philadelphia skyline, bringing new life to downtown Camden. (below)

On The Cover:

The epitome of a successful brownfields redevelopment project, Perth Amboy's deteriorated boardwalk and eroded shoreline was transformed into the Waterfront Esplanade that features a park, walking path and boat slips.

Brownfields...

...what are they?

Any former or current commercial or industrial site, currently vacant or underutilized and on which there has been, or there is suspected to have been, a discharge of a contaminant.

Source: Brownfield and Contaminated Site Remediation Act, N.J.S.A. 58:10B-1 et seq.

Why do we redevelop Brownfields?

Brownfields redevelopment is a cornerstone to Governor McGreevey's Smart Growth agenda and is critical to New Jersey's future. Yesteryear's vibrant drivers of New Jersey's economic engine are today's brownfields. With leadership and commitment, they can be recycled into their community's existing infrastructure and once again make a

contribution. These brownfields can be transformed into housing, schools, recreational facilities or sites for business operations, thereby creating tax ratables, economic opportunities and improved quality of life for the community.

Who does this Resource Kit help?

The New Jersey Brownfields Resource Kit helps anyone interested in

redeveloping brownfields learn about the financial incentives and other resources available to them, as well as to navigate the associated regulatory processes and legal requirements. It provides technical and financial resources, prerequisites to qualifying for assistance, contacts within each New Jersey state agency or department that can assist in the redevelopment process, and a detailed explanation of how to proceed when redeveloping a brownfields site.

Introduction

The State of New Jersey has many agencies involved in brownfields redevelopment. In order to make the process easier for you, Governor McGreevey appointed the Brownfields Redevelopment Task Force and supports the reconvening of the Brownfields Redevelopment Interagency Team. These two groups, although they work in different ways, will help you understand the brownfields process and get you through it as easily and quickly as possible.

This 100-year-old building—known as the Icehouse—was once the epicenter of Glassboro's central business district. The Icehouse property is in the process of remediation through a brownfields grant from the DCA's NJRA.

The New Jersey Brownfields Redevelopment Task Force

The New Jersey Brownfields Redevelopment Task Force is appointed by the Governor and was created by the State Legislature, pursuant to the Brownfield and Contaminated Site Remediation Act, N.J.S.A. 58:10B-23. The Task Force has been charged with coordinating state policy on brownfields redevelopment, inventorying brownfields sites, and then prioritizing and marketing them to developers, in order to have sites returned to productive economic use on an expedited basis.

The New Jersey Brownfields Redevelopment Interagency Team (BRIT)

The BRIT is a resource group comprised of numerous New Jersey departments and agencies. The New Jersey Department of Community Affairs' Office of Smart Growth coordinates the Team's activities and facilitates redevelopment within the context of Smart Growth. The Brownfields Redevelopment Interagency Team, convened to support the Task Force with its important efforts, offers this easy to follow resource kit to help streamline brownfields remediation and accelerate profitable redevelopment and reuse.

The path to redeveloping a brownfield can start anywhere. Developers, municipalities and other interested parties may possess varying degrees of expertise regarding the state brownfields process and may enter the process at different points. If the interested party has a redevelopment project that is complex and requires the attention of multiple agencies, an initial consultation with the BRIT may be helpful in order to clarify the necessary next steps and to enlist the help of relevant state agencies.

If the interested parties are unfamiliar with the brownfields process, an initial meeting with BRIT may be valuable. It would provide them an opportunity to learn about the resources available to them from the agencies on the team.

Mission... Guided by New Jersey's Smart Growth policies and practices, BRIT's mission is to streamline and coordinate the brownfields redevelopment process for interested parties.

See page 4

How To Get Started

If you are interested in redeveloping brownfields, but don’t know much about the process or requirements, a good starting point would be a consultation with the Brownfields Redevelopment Interagency Team (BRIT). It is available to meet with you at any point in the process.

If your major initial concern is financing, the Economic Development Authority, the Commerce and Economic Growth Commission or the New Jersey Environmental Infrastructure Trust could be your first stop. If environmental regulations are your primary concern, then the Department of Environmental Protection is your starting place.

One important aspect of successful brownfields development is to make sure that the project is part of a municipal or

neighborhood plan developed in collaboration with local officials and residents. Involving the community will help build support for the project and ensure that it meets the community’s needs. If developing the plan is a major concern, the Department of Community Affairs’ Office of Smart Growth can help.

The streamlined process outlined in this document is intended to serve as a guide and is not a requirement by any state agency. You may approach any state agency for information and assistance at any time. No matter where you enter the process, you will have access to BRIT, and it can serve as a guide. However, be aware that there are laws, requirements and liability issues that must be addressed as you proceed through the redevelopment process.

This site is now home to the South Jersey Federal Credit Union in Pleasantville.

Web site: www.state.nj.us/dep/dshw/lrm

- Provides technical assistance on how to proceed with the project. Contact the Bureau at the beginning of the project
- Provides incentives through the Municipal Landfill Site Closure Act, N.J.S.A. 13:1E-116 in the form of reimbursement of 75 percent of qualifying developers' reasonable closure and/or remediation costs, from collected sales taxes at solid waste landfills that ceased operations prior to Jan. 1, 1982

Prerequisites:

The landfill will have to go through a closure procedure approved by the Bureau. These landfills may have some monies in their escrow accounts that can be used for closure of the sites as well as post-closure maintenance of the facility. The amounts in the accounts vary depending on the type of project and if the landfill was closed before or after Jan. 1, 1982.

With a loan from DCA's NJRA, the Garfield Redevelopment Agency is working on a redevelopment plan to clean up the dilapidated site of the former Kalama Chemical Plant in Garfield.

FINANCING

NEW JERSEY ECONOMIC DEVELOPMENT AUTHORITY (NJEDA)

P.O. Box 990, Trenton, N.J. 08625-0990

Hazardous Discharge Site Remediation Loan and Grant Program

For assessments, remedial investigation and remediation

Contact: Michael Sylvester, Program Manager
Phone: 609-341-2723 • FAX: 609-278-4738
Email: brownfields@njeda.com
Web site: www.njeda.com

Prerequisites:

Private Applicants:

- Technical applications approved by the DEP

Municipal Applicants:

- Technical applications reviewed by DEP
- Proof of site control
- Site must be part of a municipal redevelopment plan
- Municipality must pass appropriate resolution accepting the grant and committing to redevelopment

Petroleum Underground Storage Tank Remediation Upgrade and Closure Program

Loans and grants available to business owners, homeowners and municipalities for upgrade, closure and remediation of discharges associated with underground storage tanks

Contact: Michael Sylvester, Program Manager
Phone: 609-341-2723 • FAX: 609-278-4738
Email: brownfields@njeda.com
Web site: www.njeda.com

Prerequisites:

Commercial Applicants:

- Technical applications approved by DEP
- Net worth of \$2 million or less
- Submit financial statements from the last three years to NJEDA

Municipal Applicants:

- Technical applications approved by DEP
- Must own and operate underground storage tanks

Residential Applicants:

- Technical applications approved by DEP
- Underground storage tank must be leaking
- Must have \$100,000 or less of annual income and \$100,000 or less net worth minus their property

The Trojan Tool and Die Corporation in Kearney has been transformed into a playground for area children to enjoy.

Revenue Allocation District (RAD) Funding

- Available to assist municipalities in encouraging revenue-generating development projects in a RAD as part of a locally approved redevelopment plan. NJEDA can serve as district agent for municipality to coordinate development
- Real estate development assistance can be provided to municipalities or joint ventures

Contact: Michael Francois, Managing Director
Phone: 609-292-0369 • FAX: 609-292-6164
Email: red@njeda.com
Web site: www.njeda.com

Prerequisites:

Municipality must designate a RAD of up to 15 percent of the total taxable property within an established redevelopment area.

For all construction and renovations, provide the following information:

- Proof of site control
- Local approvals for zoning and site plans
- Financial background data
- How the project benefits the New Jersey economy

Redevelopment Area Bond Financing

Long-term, low-interest bonds for infrastructure improvements and other predevelopment costs, including demolition and remediation

Contact: Lawrence Cier, Director
Phone: 609-292-0192 • FAX: 609-292-2751
Email: ibd@njeda.com
Web site: www.njeda.com

Prerequisites:

The municipality must have:

- A formally designated redevelopment area within which the project is located
- An identified developer or end use that will generate payments
- An agreement for Payments in Lieu of Taxes with site owner
- Approval by the local finance board

Bond Financing

- Available to manufacturers and not-for-profits for real estate acquisitions, new building construction, equipment and renovations
- Available to municipalities for infrastructure improvements and other municipal projects

Contact: Lawrence Cier, Director
Phone: 609-292-0192 • FAX: 609-292-2751
Email: ibd@njeda.com
Web site: www.njeda.com

Prerequisites:

For all construction and renovations, provide the following information:

- Proof of site control
- Local approvals for zoning, site plans
- Permits needed
- Financial/background data
- How the project benefits New Jersey's economy

As part of a 50-acre urban and regional redevelopment initiative, the newly constructed International Center for Public Health in Newark is the University of Medicine and Dentistry of New Jersey's (UMDNJ) nearly 190,000-square-foot, biomedical research and outpatient clinical facility. Formerly, the site was an underused residential and industrial site.

Smart Growth Predevelopment Funding

- Provides low-cost loan and guarantees for pre-development site preparation costs associated with, but not related to, land assemblage, demolition, removal of materials and debris, and engineering
- Benefits commercial, industrial, office and mixed-use projects in urban, developed suburban and rural communities

Contact: Michael Sylvester, Program Manager
Phone: 609-341-2723 • FAX: 609-278-4738
Email: brownfields@njeda.com
Web site: www.njeda.com

Prerequisites:

- Evidence of financial soundness, such as collateral and ability to provide personal guarantee
- Proof of site control
- Local approval for zoning, site plans

Loan and Guarantee Programs

- Available to businesses planning to locate on former brownfields sites
- Available for buildings and equipment or for working capital to meet operating expenses

Contact: William Moody, Director
Phone: 609-292-0187 • FAX: 609-633-7751
Email: cld@njeda.com
Web site: www.njeda.com

Prerequisites:

- Borrower must show evidence of ability to repay loan, such as collateral or personal guarantee
- Project must result in jobs, ratables or other economic benefits

Fund for Community Economic Development

Provides assistance to finance feasibility studies and other pre-development costs to determine if real estate-based economic development projects involving profit or nonprofit organizations are viable

Contact: William Moody, Director
Phone: 609-292-0187 • FAX: 609-633-7751
Email: cld@njeda.com
Web site: www.njeda.com

Prerequisites:

- Projects will receive higher priority if they take place within the context of a redevelopment plan, a community planning process or other planning effort
- Feasibility assistance must involve identifiable project
- Loan must be for specific financing need

Brownfields Redevelopment Loan Program

Provides low-cost interim financing to meet brownfields remediation costs in developed urban, suburban and rural communities

Contact: Michael Sylvester, Program Manager
Phone: 609-341-2723 • FAX: 609-278-4738
Email: brownfields@njeda.com

GROWTH COMMISSION (COMMERCE)**
20 West State Street, P.O. Box 820
Trenton, N.J. 08625-0820

Urban Enterprise Zone (UEZ)

New Jersey's UEZ Program revitalizes the local, regional and state economies by funding economic development projects in the designated urban enterprise zones in the state. Funding is provided for infrastructure improvements, economic development planning, brownfield planning and remediation, and other projects that support economic revitalization and growth.

Contact: Greg Adkins, Executive Director
Phone: 609-633-2068 • FAX: 609-633-8004
Email: gregory.adkins@commerce.state.nj.us
Web site: www.newjerseycommerce.org

INFRASTRUCTURE

To identify funding for infrastructure costs

NEW JERSEY BOARD OF PUBLIC UTILITIES (BPU)
2 Gateway Center, Newark, N.J. 07102

Economic Development Service Tariffs

To support redevelopment and economic growth, the BPU has approved a number of programs that provide a credit or reduced utility service rate to customers that move to, or expand in, targeted areas. Targeted areas may include Urban Enterprise Zones, municipalities that rate high on the Municipal Distress Index and other areas where redevelopment is a priority. Contact your local utility service provider, or the Board of Public Utilities, to learn what programs may be available in your area.

Camden Area Development Service Tariff

To support new development and economic expansion, the BPU has approved a credit to new electric utility customers equal to an approximate 5–10 percent savings in the City of Camden. The credit is available to new customers or those making significant expansions. The credit is being offered on a pilot basis and will run through 2005.

Smart Growth

The New Jersey BPU is in the process of developing a number of reforms and incentives to support redevelopment and smart growth.

Contact: Randy Solomon, Smart Growth Policy Advisor
Phone: 973-648-2101 • FAX: 973-877-1167

**NEW JERSEY COMMERCE AND ECONOMIC
GROWTH COMMISSION (COMMERCE)**
20 West State Street, P.O. Box 820
Trenton, N.J. 08625-0820

Urban Enterprise Zone (UEZ)

New Jersey's UEZ Program revitalizes the local, regional and state economies by funding economic development projects in the designated urban enterprise zones in the state. Funding is provided for infrastructure improvements, economic development planning, brownfield planning and remediation, and other projects that support economic revitalization and growth.

Contact: Greg Adkins, Executive Director
Phone: 609-633-2068 • FAX: 609-633-8004
Email: gregory.adkins@commerce.state.nj.us
Web site: www.newjerseycommerce.org

As part of Paterson's Urban Enterprise Zone (UEZ), this building will be transformed into a housing project through brownfields redevelopment and revitalization.

NEW JERSEY ENVIRONMENTAL INFRASTRUCTURE FINANCING PROGRAM (NJEIT)

P.O. Box 440, Trenton, N.J. 08625-0440

Financing is available based on the concept that brownfields cleanup is an improvement to the water quality (both ground and surface). All projects within the Urban Centers and the Urban Complex, all land purchases and all combined sewer overflow projects will receive the lower cost 25/75 Trust/Fund financing starting in 2003.

Environmental Infrastructure Construction

Provides half the market rate, or better, financing to public agencies and private water purveyors for the construction of infrastructure that benefits water quality and drinking water safety

Benefits include:

- State-funded debt service reserve
- Capitalized interest
- Level debt service
- Defrayed financing costs
- Interim financing available upon certification of project
- Direct small loan program at half of present market rates, or better
- Provides assistance with obtaining DEP permits and meeting permit requirements

Contact: Dennis Hart, Executive Director
Phone: 609-219-8600 • FAX: 609-219-8620
Email: dhart@njeit.org
Web site: www.njeit.org

Prerequisite:

The project must meet the objectives of the Clean Water Act or the Safe Drinking Water Act

DEPARTMENT OF TRANSPORTATION (DOT)

P.O. Box 609, Trenton, N.J. 08625-0609

Developers interested in brownfields redevelopment should contact the Office of Local Aid and Economic Development to discuss funding for transportation-related projects.

Contact: Michelle Mount, Government Representative
Phone: 609-530-2450 • FAX: 609-530-8044
Email: michelle.mount@dot.state.nj.us
Web site: www.state.nj.us/transportation

Capital Program

Allocates state and federal transportation funding for the period of one state fiscal year (July 1 to June 30) for NJDOT and NJ Transit

Contact: Mark Stout, Director
Phone: 609-530-8069 • FAX: 609-530-5276
E-mail: mark.stout@dot.state.nj.us
Web site: www.state.nj.us/transportation

Statewide Transportation Improvement Program (STIP)

Allocates state and federal transportation funding for three federal fiscal years (which begin October 1)

Contact: Mark Stout, Director
Phone: 609-530-8069 • FAX: 609-530-5276
Email: mark.stout@dot.state.nj.us
Web site: www.state.nj.us/transportation

State Aid to Municipalities and Counties

Funds are allocated to the county based on a formula considering population and road mileage. Municipalities submit applications for funding within each county. Additional funding is allotted for Urban Aid municipalities.

Discretionary Aid Program

Established to address emergent or regional needs in any county or municipality. Comprises 10 percent of the total State Aid Program

Bicycle Program/Safe Streets to School Program

Addresses bicycle and pedestrian travel needs through the development of bicycle and pedestrian improvements.

Local Aid for Centers of Place Program

Designed to assist municipalities that have formally participated in implementation of the NJ State Development and Redevelopment Plan. It provides funds for non-traditional transportation improvements

For information on State Aid to Municipalities and Counties:

Contact: David Kuhn, Director
Phone: 609-530-3640 • FAX: 609-530-8044
E-mail: david.kuhn@dot.state.nj.us
Web site: www.state.nj.us/transportation

Federal Programs

Transportation Enhancement Program

Used only for projects with a direct transportation relationship that enhance quality of life, and for the projects that protect the environment while providing a more aesthetic, pleasant and improved interface between the transportation system and communities.

Local Scoping

Provides federal funds directly to member sub-regions for the advancement of projects through the National Environmental Policy Act (NEPA) and preliminary engineering.

Local Lead

Provides an opportunity for the sub-region to apply for federal funding for the advancement of projects through final design, right-of-way, and/or construction.

For information on Federal Programs:

Contact: David Kuhn, Director
Phone: 609-530-3640 • FAX: 609-530-8044
E-mail: david.kuhn@dot.state.nj.us
Web site: www.state.nj.us/transportation

Transit Village Initiative

A community revitalization partnership spearheaded by the NJDOT and NJ Transit in partnership with nine other state agencies. It strives to help redevelop and revitalize communities around transit stations to make them an appealing choice for people to live, work and play, thereby reducing reliance on the automobile.

Contact: James Lewis, Manager
Phone: 609-530-2884 • FAX: 609-530-2909
E-mail: jim.lewis@dot.state.nj.us
Web site: www.state.nj.us/transportation

Lafayette Village is a new residential development in downtown Jersey City. Housing opportunities now exist on this former abandoned site.

In May 2003, the West Ward Firehouse in Trenton opened its doors and also raised its ranking nationally for fire response time. The firehouse sits on a remediated brownfield site, which was formerly home to a service station and other businesses.

■ OPEN SPACE & RECREATION

DEPARTMENT OF ENVIRONMENTAL PROTECTION (DEP)

GREEN ACRES PROGRAM

P.O. Box 412, Trenton, N.J. 08625-0412

Green Acres assists municipalities and counties in the acquisition of open space for recreation and conservation purposes, as well as the development of outdoor recreation facilities.

Contact: Phillip Collins, Project Manager
Phone: 609-984-0500 • Fax: 609-984-0608
Email: phillip.collins@dep.state.nj.us
Web: www.state.nj.us/dep/greenacres

Prerequisites:

The land must have actual potential for recreation or conservation, a willing seller (acquisition only), and an application from a local sponsor. Every approved project must have a Preliminary Assessment and all issues of contamination must be resolved to the satisfaction of the DEP before any funding for land acquisition or park development can be released.

NEW JERSEY ENVIRONMENTAL INFRASTRUCTURE FINANCING PROGRAM (NJEIT)

P.O. Box 440, Trenton, N.J. 08625-0440

Financing is available based on the concept that brownfields cleanup is an improvement to the water quality (both ground and surface). All projects within the Urban Centers and the Urban Complex, all land purchases and all combined sewer overflow projects will receive the lower cost 25/75 Trust/Fund financing starting in 2003.

Open Space Acquisitions

Provides half the market rate, or better, financing to public agencies for certain open space acquisitions promoting water quality

Benefits include:

- State funded debt service reserve
- Capitalized interest
- Level debt service
- Defrayed financing costs
- Interim financing available upon certification of project
- Direct small loan program at half of present market rates, or better
- Provides assistance with obtaining DEP permits and meeting permit requirements

Contact: Dennis Hart, Executive Director
Phone: 609-219-8600 • FAX: 609-219-8620
Email: dhart@njeit.org
Web site: www.njeit.org

Prerequisite:

The project must meet the objectives of the Clean Water Act.

The foregoing photographs and identifying site information were supplied by the subject cities, townships, local entities, agencies or consultants. The Brownfields Redevelopment Interagency Team advised those cities, townships, local entities, agencies or consultants that the photographs were being reproduced in this Brownfields Redevelopment Resource Kit.
